Abstract

This is a one-paper-multiple-typesetting-styles template. With this template, users can easily switch to different LaTeX typesetting styles while maintaining up-to-date content. For example, in case a paper is unfortunately rejected without being reviewed, users can switch to a better journal or conference immediately or even directly. We hope all papers can be accepted in a suitable and satisfying place.

Keywords

LaTeX, Typesetting, Acceptance

This paragraph presents the limitations of this paper and proposes possible future research directions. This paragraph must obviously be shorter than the previous paragraph in this section.

Data Availability

To build multiple typesetting styles for one paper, please visit <https://github.com/yueryang/LaTeXBuilder>. To check LaTeX, please visit <https://github.com/yueryang/LaTeXChecker>.

Acknowledgement

Thanks to the editors and the anonymous reviewers for their insightful comments, which improved the quality of this paper.

Funding Statement

There is no funding.

Declaration of Competing Interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Authors' Contributions

All authors reviewed and acknowledged the manuscript.

Ethical Consideration Statement

No human or animal materials are involved in this paper.
